

1. K-love serves me as a resident of the local comm. by keeping me in the loop on current events all over the world.
2. The effect that displacing K-love with an LPFM broadcaster providing other programming would have on the local community would be negative. K love is very positive and encouraging not only in their music but in their on air time as well. Here in Bastrop we have no other station like that.
3. I believe that the service provided by K-love is in the best public interest because today, right now, the world is starting to realize that all the chaos we created is slowly destroying us. It's time for a change and what we hear through our ear gates absolutely sows seeds that we and others around us will reap.
